

GENERAL INFORMATON

Co-operation is ensured by a memorandum of understanding signed by TÜBA and respective academies. TÜBA has bilateral agreements with 23 Academies. Although the contents of the Agreements may vary academy wise, there are some common points:

- 1- Duration of scientific visits is determined by each agreement.
- 2- Scientists, who will visit Turkey for scientific purposes, must designate an academic institution (host institution) and scientists (host scientist) in Turkey and receive an invitation letter.
- 3- Applications are made through the home academy.
- 4- The Sending Party is expected to cover the international travel costs of the visiting scientist.
- 5- Receiving Party will provide free accommodation including breakfast for the visiting scientist during her/his stay and will also grant her/his allowance. The rate of allowance is determined by agreement.
- 6- Visiting scientist is responsible for writing a report in completion of his/her visit.

ELIGIBILITY

The Scientists from [agreement countries](#) are eligible for Bilateral Exchange program.
